INTRODUCTION TO INCLUCITY

IncluCity will be a place where people can go to have fun, earn while having fun, learn, socialize and so much more. Taking so many real world aspects and putting them into a metaverse and being able to profit in ways that some may only dream about in reality. No high price tags to participate, no excessive games in order to earn iNFiNiTiES (ICI). This is to be so much more than just your everyday ordinary virtual reality 'Game Lobby.'
